

Hello to all club members

As you will all be aware progress on the new clubhouse continues to move forward. We will shortly be going out to tender and leases are in the process of being discussed and drawn up. Funding continues to rise and we continue to explore many avenues of grants and funding.

This is, therefore, the reason for this letter. We are now in the position to offer our club members the opportunity to buy into, and support what we are trying to achieve, fund a £1.2 million new clubhouse which will be the envy of all clubs in Mid Sussex.

We are approximately £130,000 short of our target for stage 1 (build the clubhouse) and £100,000 short of our target for stage 2 (finish the carpark, outside landscaping). Stage 2 is to be done as and when we raise the remaining funding, so stage 1 is what we are aiming for.

We, therefore, are looking to offer the following to our club members and ask for your support in whichever way you can. Please be aware when considering the following packages that membership costs will likely increase when the club house is built to help with the cost of running the facility.

Anybody who may be kindly looking to make a larger pledge is invited to contact myself either by email at janmans@aol.com or by phone on 07960 167412 to discuss this.

Anybody who is interested or willing to make a pledge and help us reach our target, please let myself or a committee member know. We hope to fill the available pledges quickly so please don't hesitate to contact us and get this last push moving positively.

Many thanks in advance for your generosity

Shaun Janman

Chairman; Ansty Sports and Social Club
